

IFF – Industrial Folding Funnel

Serves as a mobile funnel for use in hard to reach places. Especially suitable for capturing liquid from ruptured pipes. The IFF is portable, foldable, light weight and can be attached to the folding stand. It is resistant to technical liquids, chemicals and all petroleum based products such as heating oil, diesel, hydraulic oil, gasoline, etc.

IFF can be used by itself or hung on the folding stand

The stand has 4 extension corners for hanging the funnel. This allows the funnel to be used in hard to reach places, spaces and heights (for broken pipes, etc.)

Funnel is lined with 4 holes for attaching to the stand. The funnel comes with 4 handles for easy transport and mobility

The stand is height-adjustable
Material PES, PVC surface, color red (other colors on request with surcharge)
